

Encouraging the use of technology to early learners at school

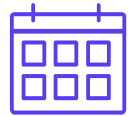

Baguley Hall is a primary school based in Wythenshawe, Manchester, with around 500 pupils from the ages of 3 to 11. They have achieved a Peacemala accreditation and Unicef's Gold Rights Respecting School status.

Baguley Hall chose the Schools Leasing Framework, a DfE recommended and IAS 17 compliant operating lease solution, to lease their Lenovo ThinkCentre Desktop PCs on a 3-year subscription while preserving cash for core activities.

This was our first leasing agreement via Econocom. I found it a very easy and efficient process. I will definitely use Econocom again.
